Three of the young men Mike has been studying with decided to give their lives to Christ and put him on in baptism! We are so excited about their decision and ask that you to keep Victor, Michael and Victor in your prayers. Since their baptism, every Sunday morning before we leave for worship services in Santa Rosa, the three of them come over and spend about an hour in study with Mike to continue their growth in the Lord. It is wonderful to see their love for the Lord and their dedication to put in the effort to mature in their faith.

At a recent youth group activity, they each took turns sharing with the group about their decision to follow Christ and what that means to them. They did such a great job and we couldn't be more proud of them.

## Weekly Bible Studies

We continue to be amazed at the way God is drawing the people of Corquín to himself. Our weekly studies are growing by leaps and bounds. We currently are studying each week with about 14 individuals. Praise God!

Some of the “church planters” from Mission UpReach have started coming down on Thursday mornings to help us with visitation. They already were coming out in the evenings for our weekly group Bible Study, but have added the morning and afternoon hours to assist in reaching those we haven’t had time to teach yet. This has proven to be quite a blessing. The first week four men came and they split up into pairs and went out visiting, one pair with Mike and the other with Kris. Last week only two were able to come out and they visited some who have been attending our Thursday night Bible study, this time on their own. This week three men came and had several studies. This has certainly added to what we are able to accomplish on that one day.

We are grateful for their help. There is so much work to do. Every week we are asked to study with someone new. What Jesus said is as true today as it was when He said it, “The harvest is plentiful, but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field.”

### Update from May’s newsletter:

Our studies with Tonito and Elena are going strong and it is exciting to watch their faith grow. The same is true for Cesar. Please be in prayer for Angie and Monserrat, a couple of young women studying with Kris. They both come from broken homes, but are searching for a new life in Christ.

## Record Attendance

Almost every week we seem to be saying the same thing after each meeting, “Wow, that’s the most people we have had since we began!”

The Thursday evening Bible study in our home has become crowded. We are reaching our home’s maximum capacity at 33 in attendance. Our children’s class is growing as well with as many as 9 or 10 joining us each week.

Our last couple of Friday night youth group activities have been really well attended with 21 visitors. Since we have a large meeting space available at the school, we took the opportunity to watch the movie “God is Not Dead with them.” It was really well received and gave us a chance to do something a little different.

Two weeks ago the Mission UpReach bus that takes us from Corquín to Santa Rosa on Sunday was very crowded and our car was filled to capacity as well! The next day we were talking with a few of our earliest visitors and they were reminiscing about how just six months ago there were only seven people on that bus. God is moving and it is so exciting to be able to watch Him work first-hand.

**Tonito and Elena**

This is the first time Tonito opened and read the Bible. Please pray for this family as they search for Christ.

The Lexington Church of Christ of Lexington, South Carolina joined us for a medical brigade. Joining that team was a couple friends of ours from Texas that we met while living in India. What an amazing week we all had together. Our team broke the current record of the number of people helped on a brigade. Up until our group, the current record had been around 985. We surpassed that number and in a special way. On the last day, we saw 316 individuals (John 3:16) and the total number reached was 1010 (Mission UpReach's Vision: John 1010 Generation)! If you are interested in joining us on a brigade, please go to Mission UpReach's website: [www.MissionUpReach.org](http://www.MissionUpReach.org).

Our friends came out to help us set up before the brigade.

Kris is heading back to the States on the 13<sup>th</sup> of July to visit her parents in Oregon. Mike will remain in Honduras until the 27<sup>th</sup>. We plan on being in the States for the month of August in order to visit family, friends, and supporters in several States.
